5 Authorization to increase the share capital

At the General Meeting of 7 May 2015, the board was authorised to increase the company's share capital by up to NOK 2,583,430. The authorisation is in force until the Annual General Meeting in 2016, however, not later than until 30 June 2016.

To ensure the completion of the Company's strategic goals in the best possible way, the board proposes that the General Meeting grants the board a new authorization to carry out one or several capital increases.

The purpose of the authorization is to give the board the opportunity to raise additional capital quickly and efficiently in connection with funding of further development and growth of the business. Accordingly, it would be appropriate to give the board the opportunity to make a continuous assessment of and respond to the need for additional capital.

The board's proposal does not permit the pre-emptive right of shareholders to subscribe for shares pursuant to section 10-4 of the Public Limited Liability Companies Act to be waived.

The board proposes that the General Meeting passes the following resolution:

"The board is authorized to increase the company's share capital by up to NOK 2,583,430, through subscription of new shares. The authorization does not authorize the board to waive the pre-emptive right of shareholders pursuant to section 10-4 of the Public Limited Liability Companies Act (the "Act"), nor carry out a capital increase through payments in non-monetary assets, nor incur special obligations on behalf of the company as set out in section 10-2 of the Act, nor decisions on mergers pursuant to section 13-5 of the Act, and may not be used in connection with the company's option program."

The authorization shall be in force until the earlier of the time of the Annual General Meeting in 2017 and 30 June 2017. This authorization replaces all previous authorizations to the board to increase the company's share capital."

6. Authorisation to purchase own shares

At the General Meeting of 7 May 2015, the board was authorised to purchase the company's own shares up to a total nominal value of NOK 645,857, which equals to approximately 2.5 % of the Company's share capital. The authorisation is in force until the Annual General Meeting in 2016, however, not later than until 30 June 2016. A new authorisation to purchase own shares will provide the board with desired flexibility and opportunity, inter alia in connection

with acquisitions where the consideration shall consist of shares in the company. The board accordingly proposes that the General Meeting passes the following resolution:

"The board is, pursuant to Section 9-2 to 9-4 of the Public Limited Liability Companies Act, authorized to purchase and hold shares in the Company. The shares to be acquired under this authorization shall not be acquired at a higher value than at market terms on a regulated market where the shares are traded.

This authorization may be used one or several times. The maximum face value of the shares which the Company may acquire pursuant to this authorization is in total NOK 645,857 which equals to approximately 2.5 % of the Company's share capital.

Acquisition of shares pursuant to this authorization may only take place if the Company's distributable reserves according to the most recent balance sheet exceed the remuneration for the shares to be acquired. The board is free to determine how the company's own shares will be acquired and sold, provided an acquisition under this authorization must be in accordance with prudent and good business practice, with due consideration to losses which may have occurred after the balance-sheet date or to such expected losses.

The authorisation shall be in force until the Annual General Meeting in 2017, however, not later than until 30 June 2017. This authorization replaces the authorization to the board to purchase own shares, given by the General Meeting on 7 May 2015."

7. Authorisation to the board to approve the distribution of dividends

Reference is made to the company's dividend policy which shall contribute towards maximizing the value of shareholders' investments. The level of dividends paid by the company should reflect the current and anticipated cash generating potential of the company. The company is targeting a net interest-bearing debt-to-equity ratio of less than 0.5x. When the targeted level is reached, at least 60% of the annual free cash flow after operational and financial commitments is intended to be distributed as dividend through semi-annual distributions from the company.

The company's financial result in 2015 enables dividend distributions as set out in the company's dividend policy. In order to facilitate semi-annual distributions of dividends in line with the company's dividend policy, to the extent deemed appropriate based on the company's financial situation, the board proposes that the general meeting passes the following resolution:

"The board of directors is authorised pursuant to the Public Limited Liability Companies Act § 8-2(2) to approve the distribution of dividends based on the Company annual accounts for 2015. The authorisation also includes distribution in the form of repayment of paid-in-capital.

The authorisation may be used to approve the distribution of dividends up to an aggregated amount of NOK 75,000,000.

The authorisation is valid for dividends from and including the second quarter of 2016 and until the Annual General Meeting in 2017, however, not later than until 30 June 2017.

The board determines from which date the shares will be traded ex-dividend.

This authorization replaces the authorization to the board to approve the distribution of dividends, given by the General Meeting on 7 May 2015."

The shares of the company and the right to vote for shares

The company's share capital is NOK 25,834,303 divided into 25,834,303 shares. Each share is entitled to one vote.

Each shareholder has the right to vote for the number of shares owned by the shareholder and registered on an account in the Norwegian Central Securities Depository (VPS) belonging to the shareholder at the time of the Annual General Meeting. If a shareholder has acquired shares and the share acquisition has not been registered with the Norwegian Central Securities Depository (VPS) at the time of the Annual General Meeting, voting rights for the acquired shares may only be exercised if the acquisition is reported to VPS and proven at the Annual General Meeting. In case of ownership transfer, the parties may agree that the seller can exercise the shareholder rights until the rights have been assumed by the acquirer.

Voting rights for shares registered in VPS accounts belonging to custodians, cf. the Public Limited Liability Companies Act § 4-10, may, from the company's point of view, not be exercised either by the beneficial owner or the custodian. However, the beneficial owner of the shares may exercise voting rights if he proves that he has taken the necessary actions to terminate the custodianship of the shares and that the shares will be transferred to an ordinary VPS account in the name of the owner. If the owner can prove that he has initiated such measures and that he has a real shareholder interest in the company, he may, in the opinion of the company, vote for the shares even if they are not yet registered in an ordinary VPS account.

The shareholders' rights

A shareholder cannot demand that new items are added to the agenda when the deadline for such request has expired, cf. § 5-11 second sentence of the Public Limited Liability Companies Act.

A shareholder has the right to make proposals for a resolution regarding the items which will be considered by the General Meeting.

A shareholder has the right to require the members of the Board of Directors and the General Manager to provide necessary information to the General Meeting that may influence the approval of the annual accounts and the annual report, items which have been presented to the shareholders for decision, the company's financial position, including information on other companies in which the company participates, and other items to be considered at the Annual General Meeting, unless the information requested may not be disclosed without causing disproportionate damage to the company.

If additional information is necessary, and an answer cannot be given at the Annual General Meeting, a written answer shall be prepared within two weeks from the date of the Annual General Meeting. Such answer shall be available to the shareholders at the company's premises and be sent to shareholders requesting the information. If the answer is considered material for evaluation of the circumstances mentioned in the previous paragraph, the answer should be sent to all shareholders with known address.
